

LISTEN EAR HAVE YOUR SAY ABOUT LOCAL SERVICES

SNAP Central Bedfordshire Parent Carer Forum need your help to improve services for children and young people with special education needs and/or disabilities

We want to be able to gather as much information as possible about the services families receive locally.

To do this we need your help.

All the information gathered as part of this campaign will be recorded anonymously and used to influence and drive our priorities as a forum. We are unable to take on individual cases and unfortunately cannot advocate for families but we will record trends and use the information to improve local services. We would prefer email contact to aid in recording information and all our findings will be published in a termly newsletter aimed at local service providers.
