

## WHO WE ARE

### Special Needs Action Panel (Central Bedfordshire)

SNAP's purpose is to improve services for children and young people with disabilities and additional needs, aged between 0 and 25 years.

We are a pro-active forum of parents and carers: we work with individuals and organisations, to influence and improve the provision of local services.

We focus on raising the standard of Social Care, Education and Health services in Central Bedfordshire.

As we have limited resources, unfortunately we cannot offer signposting or support services.

**The more we are,  
the stronger our voices!**

## WHAT WE DO

We seek the views of all parents and carers within Central Bedfordshire in order to understand their needs and the challenges they face.

We set the priorities of the forum based on information gathered.

*Do you have ideas or views about the services you use?*

*Would you like to be involved in designing or planning services?*

*You can be involved as much or as little as you like, and every opinion is valued.*

## GET INVOLVED

We hold regular open meetings where you can find out more about the work of the forum and our current involvement with the services that affect the lives of our children.

Our meetings are relaxed and informal, providing an environment where you can share your views and meet other parents and carers.

*The more parents who join and share their experiences, the more we will be able to influence services.*

**For details of our next meeting, please see the website, facebook or telephone: 07984 545044**
