

Welcome to Year 4 Panda Class

I am Miss Blomfield and I'm so excited to be your new teacher.

I've been teaching for 7 years now and every new class is an exciting adventure!

I love teaching because I love learning! I like to problem solve and I find it rewarding to help other people, it is so exciting to watch my class learn and grow throughout the year.

During the summer holidays I would urge you to continue your learning journeys by adventuring and exploring the world around you, if you can, try something new! Maybe you will read a new book or explore a new place, maybe you'll even learn a new skill! I look forward to hearing your adventures in September!

During my summer I will be spending lots of time with my three wonderful children decorating our new house! We plan on relaxing and recharging just like I hope you can too.
