

Year 6 Home Learning Task – Spring Term 1

Well done to everyone who completed a home learning task for Autumn term 2.

Please choose one of the activities below. Hand in the completed task by **Tuesday 6th February 2018**.

1. There are many different creatures living in North America. Find out about one of them using information books or the Internet. Create an animal fact file.

2. Research facts about modern Greece. Compare these facts with facts about modern UK. Present your findings in an interesting way. (You could include, weather, location, currency, homes, food, religion, capital city, population).

3. Is it fair that some people have more money than others? Present your findings in an interesting way.

You can present your work in any way you like to show what you know and understand.

Complete this self-assessment to tell us what you thought of your learning:

Success Criteria	Me	Teacher	Comment
I have answered the question.			
I have presented my work clearly and neatly.			
I have included detailed information.			
I have used an imaginative way to present my work.
