

# Our new text is called; The Boy Who Saved the Netherlands

This text is a story from another culture (this might give you a clue about its genre) set in the Netherlands!

What do you know about the Netherlands?

Your task is to find out as much information as you can about the Netherlands and present it in the form of a poster, leaflet, PowerPoint presentation or even in a video!

Some questions to consider are:

Where is it?

What does the flag look like?

*You could even make it!*

How do tulips relate to the Netherlands?

What is the country well known for?

What types of food do they  
eat?

What language do they  
speak?
