

Science WB 20th April

Share the slides and video with your children then have a go at this week's work.

Challenge

Can you plant your own seed at home?

Take a photo and send it in to show us at
ks1@beecroftacademy.co.uk

Have a go at the worksheets:

- *to predict how you think your seed will grow*
- *look at the plants in your garden or on a local walk.*

Science WB 20th April

Draw a picture of your seed and what you think your plant will look like in a few weeks time.

A large, empty rectangular box with a thin black border, intended for drawing a picture of a seed and a future plant.

This is a picture of the seed I planted.

What plant is the seed going to grow into?

This is a picture of what I think my plant will look like in a few weeks.

Can you label your plant? Don't forget to use the word bank to help you.

leaf

stem

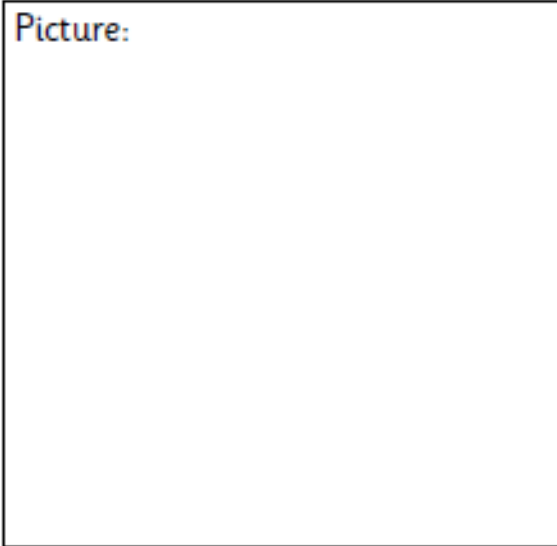

flower

roots

Science WB 20th April

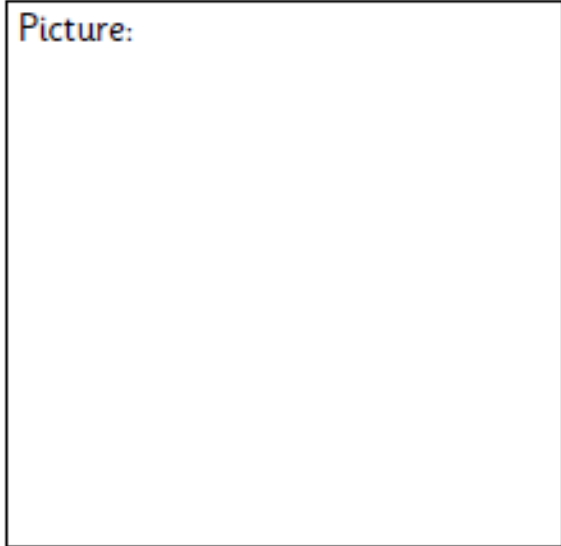

While out on your local walk or in your garden can you draw some pictures of plants you can see.

Picture:

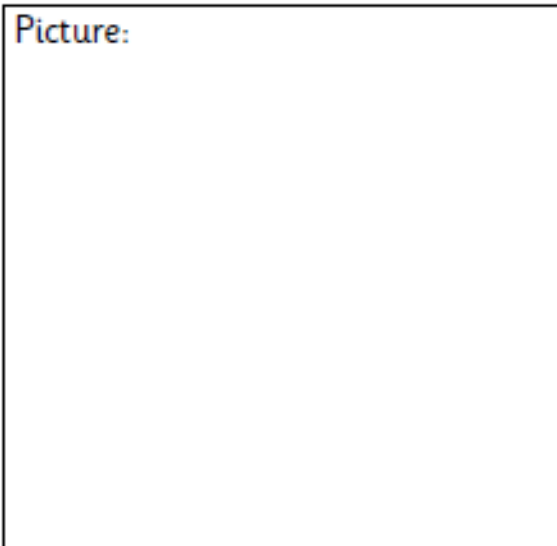

Where did you see this plant?
