

Phase 3

This week we are focussing on learning the phonemes/graphemes y, z, zz, qu. Digraphs are introduced this week which are 2 graphemes (letters) that make 1 phoneme (sound). These are Set 7 phonemes/graphemes of the Letters and Sounds programme.

Phonics Activity 1

Recap the graphemes you learned last week
(j, v, w, x.)

Can you find objects in your house that have that grapheme in them? You might find them on packages in the kitchen or in books in your bedroom!

Phonics Activity 2

Practise writing the graphemes in different ways. Can you write in cornflour? Can you write them on a big piece of paper?

Remember I am looking for the correct letter formation. (See separate sheet for this.)

Phonics Activity 3

Practise reading the words below. First say each grapheme (segment) and then put them altogether as the whole word (blend).

There may be some words your child doesn't know or that start with a capital letter. Talk about the meaning of those words.
