

Name: _____ Date: _____

Jumping forwards and backwards

Subtract numbers mentally

For each question:

- write the **circle** number in the circle at the **start** of both number lines
- write the **rectangle** number in the rectangle at the **end** of both number lines
- on the **first** number line, jump **forward** from the smaller number to the larger number
- on the **second** number line, jump **backwards** from the larger number to the smaller number.

Challenge
1

1 (35) 84

2 (52) 106
