

Lesson 16

WALT: conduct research effectively.

Lesson 17

WALT: plan an invented explanation text.

Lesson 16

For your invented explanation text, you will need to conduct research to ensure you are using facts. You could use information books or the internet.

You can create an explanation text about any living thing you like! I would advise you to stick to a similar structure to the original text and use the same subheadings (Body Structure and The Attack)
Some ideas could be:

- *How Does a Venus Flytrap Catch its Prey?*
- *How Does a Snake Catch its Prey?*
- *How Does a Shark Catch its Prey?*

Bullet point your research below:

Body structure:

The attack:

Lesson 16

WALT: conduct research effectively.

Lesson 17

WALT: plan an invented explanation text.

Lesson 17

1. *Using your research, complete your plan (from lesson 6 and 12) You might want to recap the key features to help you. If you want to make a text map too, go ahead!*
