Task A — Make your own Roman catapult

Are you interested in what weapons the Romans used? Would you like to make your own? Learn how to make a simple Roman catapult.

See [How to make a simple catapult](#)

for a video to help you. You will need:

- 2 jumbo lollipop sticks
- 8 standard size lollipop sticks
- 3 rubber bands

There are also more detailed versions of catapults available to make depending on how adventurous you are.

Task B — Design your own Roman wordsearch

Check how many words you have learnt that are linked to the Romans by creating your own Roman Vocabulary word search. A template you can use is available.

A helpful online glossary to get ideas from is available at:

Roman Glossary

Can you give it to someone in your house to try and solve ?

Word Search

Create a word search using your own words list.
