

International Week: 13-17th July 2020 - Key Workers

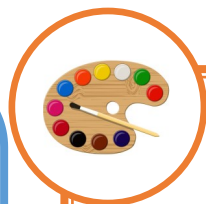

Academic

Learn and perform Greece's national anthem: Hymn to Liberty.

Research famous Greek architecture. What famous buildings can you find out about?

Identify where Greece is in the world. Think about which continent it is in, which oceans and seas surround the coastline and any nearby bordering countries it has.

Creative

Create the flag of Greece. What medium could you use? Label it to show what each part represents.

Greece's national animal is the dolphin. Can you make an origami dolphin? Use online videos to help you.

The Greeks were believed to have invented optical illusions. Create your own artwork including an illusion.

Technological

Find out and research about the national animal of Greece, the dolphin. Create a fact file about this animal.

Create a presentation to encourage people to visit Greece.

Find out about the climate in Athens, Greece's capital city. What is the weather like across the year? Compare this to the UK.

Active

Greece is renowned for creating the modern Olympic games. Create and take part in your own mini-Olympics!

Greece won the Football European Championships in 2004. Find out about their surprising journey to winning the tournament.

Listen to popular music in Greek culture and create a dance/gymnastics routine to go with this.

This week, each year group is learning about a different country as part of our 'International Week'.

Your child will be learning about **Greece**!

Please complete a selection of the tasks above and send them to the Key Stage
